

## Payments Simplified.

Accept debit and credit card payments with any of our solutions. Whether your ideal solution is a stand alone terminal or an integrated solution, our solutions make it easy for your customers to pay and go using today's most popular payment options.

## Wired Payment Solutions

Protect against fraud and ensure a speedy, secure checkout process.

### ICT250 COUNTERTOP RETAIL SOLUTION

For Retail or Quick Service Restaurants

The semi-integrated payment application (SIPA) provides you with the ability to integrate with your Electronic Cash Register (ECR) or Point of Sale (POS) system.

Easily integrates First Data payment processing with any of our certified ECR/POS systems.

### VX820 WIRED COUNTERTOP TERMINAL

Takes only a few minutes to setup.

Process transactions quickly using a traditional telephone line or over the Internet (IP) with telephone backup.

## Your Business, Better.

Tailored Solutions to Grow  
and Manage your business,  
one transaction at a time

© 2017 First Data Canada Ltd. is a registered ISO of Wells Fargo Bank, N.A., Canadian Branch, Toronto, ON, Canada. All trademarks, service marks and trade names used in this material are the property of their respective owners.

## Wireless Payment Solutions

### PAY AT THE TABLE RESTAURANT SOLUTION

iWL250 Bluetooth or 3G Terminal

Easily integrates First Data payment processing with any of our certified Restaurant Management Systems (RMS).

Servers no longer need to take a guests' credit or debit card to a central terminal to process. Servers bring the iWL250 hand-held terminal to the guest's table or to a customer's homes for delivery orders. The transaction is processed without your customers ever losing sight of their payment card.

### VX680 WIRELESS TERMINAL

WiFi, Bluetooth or 3G Terminal

Take payments within your retail location or on your sidewalks and patios using the WiFi option.

Provide your delivery team with a secure payment terminal, allowing for secure payments on-the-go using the 3G Rogers™ or Telus® networks.

## Mobile Payment Solutions

Mobile Pay Plus application + Mobile pin-pad

Take payments at your customer's place of business or anywhere on-the-go.

Help keep yours and your customers' information safe with built-in data protection from TransArmor.

## eCommerce Payment Solutions

Grow online sales across the globe with a wide variety of payment options available.

Create a globally seamless and familiar online shopping experience.

Ensure faster, uninterrupted online payment service thanks to top processing speeds.

Increase efficiency with our fully equipped online payment processing services.

## Gift Cards

### BOOST SALES. BUILD YOUR BRAND

Create customized gift cards or select from a wide variety of standard designs.

Real-time transaction processing ensures that card account balances are accurate.

New cards contain no funds until activated and redemption occurs quickly and easily.

Bundled packages include gift cards and merchandising material.

## Data Security and Protection

First Data® TransArmor® Data Security and Protection.

Combines the flexibility of software- or hardware-based encryption with random-number tokenization.

Protects merchants and their customers from a possible payment card data breach.

## Merchant Financing

### MERCHANT CASH ADVANCE

First Data is proud to partner with Evolocity Financial Group, a leader in Canadian small business financing.

Repay your advance incredibly simple: a small, agreed upon percentage of your daily credit and debit card sales is retained to pay back your advance.
