

## **Michel Lalonda – Ward 5**

I first want to thank you for sending the Greater Sudbury Chamber of Commerce released an election platform for the 2018 municipal election.

I have taken the opportunity to study the election platform, and do find myself agreeing with what has been underlined. There are many aspects of this platform that I have touched upon with discussions with residents of Ward 5 (ei. extending construction hours during the summer, supporting business [as I am myself a business owner/manager], and do whatever we can to create good job opportunities to keep young families, and all families, in the area). As a voter myself, I will be curious to see what other candidates will have to say in regards to it. I will be sharing this election platform on my social media pages within the next few days.

Michel Lalonde

Candidate - Ward 5/Candidat - Quartier 5
